

# SAP S/4HANA Upgrade

You are already using SAP S/4HANA in your company, but the maintenance for your SAP S/4HANA release has already expired or will expire in the next few months? Therefore, we offer our "Consulting in a Box" to quickly and easily upgrade your SAP S/4HANA systems. If you are

using one of the following releases, we recommend that you plan and carry out an update as soon as possible:

» **S/41511 – maintenance end 12/31/2020**

» **S/41610 – maintenance end 12/31/2021**

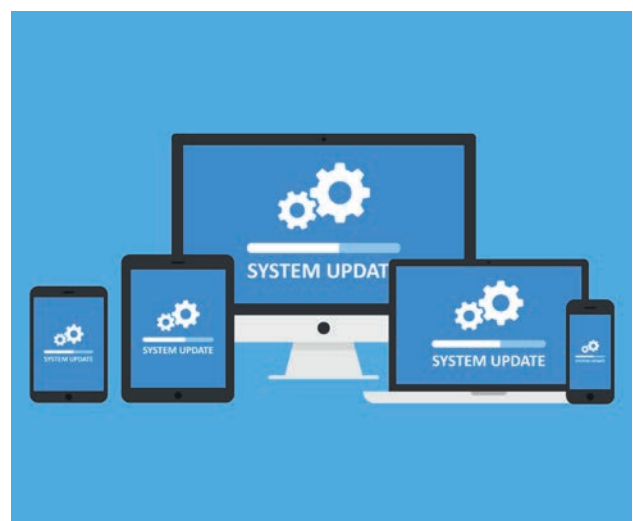

» **S/41709 – maintenance end 12/31/2022**

With AddOn at your side, you get an experienced partner in the SAP environment with a great deal of SAP S/4HANA,

SAP HANA and Linux know-how. We support you in upgrading your SAP S/4HANA system landscape to the latest SAP S/4HANA release including current Support Packages and Feature Packages. The SAP HANA DB and Linux version will also be brought up to date.

## Your benefit

- » **Fast:** You receive a current SAP S/4HANA release with minimal effort on your part.
- » **Optimal:** The SAP S/4HANA system is optimally configured for you.
- » **Up-to-date:** You receive an SAP S/4HANA system landscape with the latest release and patch status, both at the S/4HANA, HANA and OS levels.
- » **Reliability:** You achieve more planning security by implementing our recommendations
- » **Practice:** Practice-oriented know-how transfer on site

## SAP S/4HANA Upgrade

### Objective

- » Modernization of the SAP system landscape by upgrading to a current version to ensure long-term SAP maintenance
- » Efficient changeover by using the tools recommended by SAP
- » Identification of possible "show stoppers" during the upgrade to SAP S/4HANA
- » Creation of a schedule incl. options for the upgrade sequence
- » Planning of a possible hardware change or OS/DB change for the new SAP S/4HANA version (e.g. need for new certified hardware)
- » Development of a fallback strategy
- » Planning of measures to ensure SAP operation (transports, code freeze) before and during the project
- » Risk and error minimization during the upgrade to SAP S/4HANA

### Our services

- » The service includes the upgrade of the SAP system landscape with up to 3 SAP systems with a DB size of max. 1 TB (e.g. development, quality assurance and productive system)
- » We perform the upgrade either with the SAP standard SUM tool or, if desired, with the new "Zero-Downtime-Management" procedure.

»

### Optional

- Performing an upgrade on a sandbox created by a reverse copy from your production system
- » Migration with
  - » newly set up sandbox € 8 999,-
  - » existing sandbox € 5 999,-

Phone	E-mail	Order number	Variant	Prices are quoted exclusive of VAT
+49 7031 7177 58	consulting@addon.de	CBS45	3 SAP systems with a DB size of max. 1 TB	<b>Variante 1:</b> Standard SUM <span style="float: right;">€ 20 500,-</span>
				<b>Variante 2:</b> SUM with Zero-Downtime <span style="float: right;">€ 26 600,-</span>

### More successful Projects – "Consulting in a Box"

AddOn has drawn on its experience of finding optimal solutions for numerous projects to create an exceptional offer: Our "Consulting in a Box" packages. These stand for clearly defined consulting services for specific tasks. "Consulting in a Box" also means a structured

approach by experienced consultants, detailed analysis, professional documentation, presentation of results, open discussion of the best solutions plus specific recommendations for action.

You'll find more "Consulting in a Box" offers for SAP, Virtualization, Microsoft, and Linux on our website [www.addon.net/cib](http://www.addon.net/cib)

You benefit from:

- » Best practice solutions
- » Targeted recommendations
- » Fixed-price consulting services
- » No further obligations
- » Consulting services available at short notice
- » Short duration
